To the Members of the Committee of 100:

It is my pleasure to extend greetings and congratulations to the Committee of 100 on the occasion of your 90th anniversary. This milestone represents a remarkable commitment to civic activism and the District. Your dedication and advocacy to providing unwavering support for rational planning and related land use issues is appreciated.

Since its founding, the Committee has been deeply involved in improving the District in the tradition of great national capital cities. You have adhered to core principles in challenging the controversial issues, whether successful or defeated. You understand that to be effective takes relentless advocacy and attention to detail. Your strength in these areas has equipped the Committee with the knowledge necessary to be an important advocacy organization. You are a true champion of protecting our community's desired neighborhood fabric.

Ninety years is an accomplishment, and the legacy of the Committee of 100 - I know- is great. Best wishes and continued success for many future celebrations. It is with great joy that I applaud your celebration of this significant event -- 90 years of civic activism!

Sincerely,
